

LX1065 MINI PROTOS - STEEL TURNBUCKLE PITCH LINKAGE**STEP 1: Standard Plastic Linkage Install**

Install Plastic Linkage like pictures shown.
Adjust assembled linkage rod length per standard
Kit specification.
Install onto heli kit, keeping the short rod side upper
in order to help future fine adjustment.
Turn Rod Clockwise to make the linkage shorter
Turn Rod Counter Clockwise to make the linkage longer

NOTE: Plastic Linkage are not supported by Lynx
Reuse standard kit Plastic Linkage
